

Continuation of Care Pricing - 2017

Continuing Care Patients will receive the following:

- 0-3 months after initial risk assessment appointment: \$1950/Individual (this is a patient who has their Initial Risk Assessment appointment during Jan.-Mar. – 3/Qtrs. Remaining in the year)
Family pro-rated \$1800/per person
- 4-6 months after initial risk assessment appointment: \$1300/Individual (this is a patient who has their Initial Risk Assessment appointment during April-June – 2/Qtrs. Remaining in the year)
Family pro-rated \$1200/per person
- 7-9 months after initial risk assessment appointment: \$650/Individual (this is a patient who has their Initial Risk Assessment appointment during July-Sept. – only one Qtr. Remaining in the year)
Family pro-rated \$600/per person

NOTE: PRO-RATED Fees are based off the Annual Membership Fee of \$2600

NOTE: These fees are for a new patient just having had their Initial Risk Assessment & wishing to Continue Care and become a patient at the Heart Attack and Stroke Prevention Center for the remaining portion of the calendar year and are not reflective of payment per appointment.

2nd-4th Quarters – Continuing Care fee is \$1950/Individual (this is a patient who has their Initial Risk Assessment appointment during Jan.-Mar. – 3/Qtrs. Remaining in the year)
Family pro-rated \$1800/per person
